

# **2025 Health & Allied Sciences Professional Development Workshop**

**9:00 a.m.-3:00 p.m.**

**Presenter: Starla Ewan**  
**[www.starlasteachtips.com](http://www.starlasteachtips.com)**

## **Hands-On Body Systems: Movement & Communication Emphasis on Nervous System and Brain Injuries**

Participate in hands-on lesson to build the components of the Central Nervous System and Targets out of brightly colored clay. As each structure is built, complex content will be delivered in a manner that will help your students gain understanding of the structure, main functions, and inter-relationships of the CNS to other systems and real-life experiences. Build cross sections of the cerebrum to help students understand two types of strokes, tumors, and how Chronic Traumatic Encephalitis develops and affects an athlete's life. Successful hands-on lessons can help hard content be easy! Take everything you build with you at the end of the workshop!

**Classroom tour**  
**Act 48 hours**  
**Lunch provided**  
**No charge**

## **Success...Now That's What I'm Talking About!**

Great activities to take ordinary lessons up to extraordinary levels! Great tips for lesson plan delivery and helping students master more material in less time! Effective study skills, classroom web sites, time management tricks, '3-3-1' rule, and motivational techniques that you can share to empower students to become successful in any classroom. Excellent lesson planning techniques that get better results!

## **EASTERN PA**

**Wednesday, May 7**

Middle Bucks Institute of Technology  
Jamison, PA

## **WESTERN PA**

**Friday, May 9**

Indiana County Technology Center  
Indiana, PA

**Register by Monday, April 28 at**
