Spring 2025 Group Meeting

February 1, 2025

Times to be determined by course

Sessions will be held Virtually

All students registered for VOED credit during Spring 2025 are required to attend **except** those enrolled in VOED 101 or VOED 102.

Students registered for 6 credits of VOED coursework will be required to complete work for the additional group meeting during the semester.

Any absence must be communicated to the instructor prior to the absence, as soon as it becomes known to the student, and be for reasons that are unavoidable and compelling in nature.

If faculty is notified in advance with valid documentation, and request is approved by the Center, final grade will be calculated without penalty. See Group Meeting Rubric for details.
